

Occupations in Demand in the Nord-du-Québec

October 2016 to march 2017

Focusing on occupations in demand

Job offers are the sole source of information used to build the list of occupations in demand*. These job offers for the Nord-du-Québec region are taken from the **Online Placement service** accessible through emploiquebec.gouv.qc.ca and from newspapers. Occupations in demand may be related to seasonality or high labour turnover.

Building a list of occupations in demand improves our employability measures by analyzing the short-term needs of the labour market in the region. By providing a semi-annual overview of job prospects, Emploi-Québec gives businesses the opportunity to fill their vacant positions as soon as possible.
